- 85% of home calendar users do business with the firm that supplied advertising calendar.
- Calendars put you and your customers on a personal level, saying "This is just for you."
- Calendars become a working part of the recipients daily routine, so your ad keeps working all day, every day.
- 87% of households and 94% of business recipients can recall the advertising message displayed on their calendars.
- Households use an average of four calendars per home.
- Daily outdoor tips gives the reader a reason to go to the calendar.
